Business started in 2001

Services

AmerEx provides full spectrum of services from initial participant processing to full placements into U.S. employers to program help while in the U.S. A controlled number of participants that are able to provide legitimate verifiable job offers are allowed to select self-placement option, while most are placed into AmerEx approved employers. Depending on the placements participants incur a slightly different program fee. As part of our program AmerEx has selected and includes emergency medical insurance that exceeds U.S. State Department requirements, as well as needed support during the program.

Fees

AmerEx charges \$665-\$900 (depending on the deadline of document submission) for the program inclusive of emergency insurance, processing and DS-2019, orientations and assistance throughout

the program. Job placement is provided at a cost of \$165 with housing placement for most.

Air tickets are priced separately depending on the current fares.

In case of visa denial, all but \$100 is refunded.

Other Services

Most participants are met by an employer representative at the airport that is local to the employer. Some participants, mostly those with their own job offers, are expected to make their own way to the employer following the detailed directions provided.

AmerEx requires that participants validate their programs upon arrival, notify AmerEx of any housing and employer changes, and requires that both employers and participants report to AmerEx in case of any unexpected situations or changes to the program in general. AmerEx also conducts certain site visits to employers and housing facilities.

While it is a rare occasion that a student cannot find a job, AmerEx will do its best to immediately place participants into other arrangements. Given that AmerEx places participants all over the U.S., we normally are able to reassign participants to another location.
