Fees

Price of the program is \$1,200. Consulate fee is not included. Students may purchase the flight tickets from our partner Best Travel Solution LLC, an airline consolidator that provides our employees/students discounted flight tickets.

A refund will be given if the student can document that he/she was rejected at the embassy, cannot pass the lifeguard training, there is a death in immediate family or a serious health problem has occurred. In these cases all but \$ 150 will be reimbursed.

Other Services

Our program includes air port pick up by our company staff and transportation to the apartment.

AquaSafe secures and provides housing before the students' arrival. Our recruiters in Russia are our employees who return to the USA for the summer to supervise lifeguards. Our staff conducts regular visits in the apartments and job sites and meets the students on daily basis. Students are hired for a particular position and the position is guaranteed. Housing is arranged by AquaSafe in apartment complexes close to students' job site. AquaSafe enters into the lease agreement with the apartment complex before the students' arrival. Housing is usually provided for 4 months and includes basic furniture. For more information, please see the International Program Agreement.
