Services

The agency charges an additional fee for consulting and paper registration services, as well as for air ticket booking services.

Fees

Cost of all services charged by the agency amount to 100 U.S. dollars. Tickets are not included.

If a student does not receive a visa, we return all money paid for the program excluding 131 U.S. dollar consular fee, as well as SEVIS payment in the amount of 35 U.S. dollars.

Other Services

All students are registered in the AWE database and inform us about their workplace coordinates and the housing addresses right when settled.

If the job or housing falls through, there is an AWE employee coordinator who is in charge of resolving all problems the students may face.
