Business started in 2003

Services

Program's terms and conditions consulting, work placement assistance (provided by American sponsor), applying for DS-2019, applying for a visa, pre-departure orientation and information support through the entire program, 24 hours emergency line.

The program fee includes:

DS-2019
medical insurance
pre-departure orientations
24 hour support during stay in US

Fees

Self-placed students – 20,900 rubles
Placed students – 25,900 rubles

If a visa is not issued, the participants get all paid fees less Embassy fee, SEVIS fee and registration fee of 1000 rubles.

Tickets are not included. Tickets purchased separately either in our agency or from the third parties.

Average ticket price is 25-30 000 rubles.

Other Services

In most cases employers meet the participants at airports. In case they will not, students must visit special pre-departure orientation meetings in Russia to get all necessary information how to get to employer including city information and road maps. This option is mostly used for second time participants.

Since we do have contacts with American employers we are able to replace the employer and make sure that the students are safe and have place to stay and work as well.

We do constant monitoring of every student leaving to US to make sure of his exact location at every moment of time. In particular we do 100% monitoring of arrival of students to the employers to make sure that every student arrived at his place, did not get lost or have any problems upon arrival. Student's safety – is our priority.
